MHV is unable to process your request because the maximum number of refills has been reached at midnight (CST).

If you are in urgent need of medication, you should contact your pharmacist or healthcare provider.

It is necessary for an empty box to appear under "select to refill" on the VA web site https://www.myhealth.va.gov before a veteran can select it in order to get his medicine.

The empty boxes do not appear for me as of February 20, 2014, so I can't get my medicine

Health Tip

Please reorder only the prescriptions that you are currently using. If you have an active prescription for something which you no longer need or use, please do not request additional refills and ask your physician to cancel the prescription during your next outpatient visit.
