Dear ANP Randi Schmeling, Primary Care Provider:

I received you letter dated May 9, 2013, and quote it below for reference:

"Dear ANTHONY MINER OCONNELL

This letter is to address your misuse of secure messaging. You have written the same thing over 6 times and we have sent you the answer as many times. You MUST stop doing this. Your medications are not being withheld, they are being sent out. We have told you how to contact Release of Information each time regarding the copy of your advanced directives as we do not have access to them. The MSA, the soc1al worker, pharmacist and I have all responded to you numerous times. If you do not stop misusing secure messaging, I will have to request from the overseer of secure messaging contact you and if necessary suspend your secure messaging.

Sincerely,
Randi Schmeling MS, RNP, ANP, BC"

This letter is not true. Please send me a copy of any evidence that would support the charges in this letter.

Thank you.

Sincerely, Anthony OConnell 7637

Dear Paula Newsome, My HealtheVet Coordinato:

I received your letter dated May 13, 2013 (I received two copies, once on May 15(?) and once on May 17.) and quote it below for reference:

"Dear Mr. O'Connell,

When you opted in to the VA's Secure Messaging program through your My HealtheVet account, you agreed to specific terms and conditions for the use of that program (see attached). The purpose of this letter is to notify you in writing that you have violated those terms and conditions by sending an excessive number of messages. If your inappropriate use of the VA's Secure Messaging program does not cease, actions may be taken to block you from the program.

If you continue to demonstrate inappropriate use of Secure Messaging, a request to block your usage will be presented to the Southern Arizona VA Health Care System (SAVAHCS) MyHealtheVet Workgroup. If the workgroup makes a recommendation in favor of blocking your use, you will be notified by letter, which will include information on how you can appeal the decision.

We sincerely hope you will make the choice to abide by the rules of Secure Messaging so that you can continue to enjoy the convenience of the program. If you have any questions about the content of this letter, please contact me at (520) 792-1450 ext. 6889.

Sincerely,

Paula S. Newsome

My HealtheVet Coordinator"

This letter is not true. Please send me a copy of any evidence that would support the charges in this letter.

Thank you.

Dear Dr Mueller:

I don't understand your certified letter of October 25, 2013:

"Dear Mr. O'Connell:

It is important that this facility is a safe environment for all patients and staff. Safe health care is based on mutual respect between provider and patient. We take disrespectful behavior and unauthorized use of internal communication systems seriously at the Southern Arizona VA Health Care System, whether towards your provider, other VA staffmembers or fellow patients. It was reported to the Disruptive Behavior Committee that you are abusing MyHealthVet secure messaging and staff telephone voice mail. It was also reported to the committee that you are inappropriately using internal Outlook messaging to address clinical concerns. Outlook is not secure and will not be used to address clinical topics. This behavior must stop. The committee is composed of clinicians and administrative representatives. After reviewing this incident, the committee has recommended this letter be sent to you. Behavior of this nature in the future could lead to further actions.

Dear Dr Mueller:
Our goal is to provide high quality health care in a safe and caring environment for you as well as everyone else. I hope you will heed this warning and manage your behavior appropriately. If you have any questions, please call Sally Petty, RN, 520-792-1450, extension 6402.

Sincerely,
Timothy I. Mueller, MD"

I don't understand your certified letter of October 25, 2013:
Please identify what you are accusing me of and give me an example. Please be specific. If you are saying that it is against the rules to email the VA would you please state the rule?

Can we not lose sight of the immediate issue? The immediate issue is can my medicine trails be exposed or can my medicine trails not be exposed. What is your opinion?

Thank you

Anthony O'Connell 7637
